Coordination of Care in the 21st Century

What are HIMSS & CSOHIMSS?

- HIMSS is a global, cause-based, not-for-profit organization focused on better health through information technology (IT). HIMSS leads efforts to optimize health engagements and care outcomes using information technology. HIMSS was founded in 1961 and encompasses more than 52,000 individuals.
- CSOHIMSS supports careers in healthcare information systems in Ohio with representation from the provider, consultant, and vendor healthcare industry segments and works to enhance communication and education among its over 1,100 local chapter members. CSOHIMSS provides an organized structure at the local & state level to advance the objectives of both the society and affiliated chapters.
