

Explore the TIGER Virtual Learning Environment!

\$40 subscription includes unlimited access for one year

The TIGER Virtual Learning Environment (VLE), powered by HIMSS, is a one-stop online **health IT education portal for academic professionals, students, adult learners and clinical educators**. The VLE contains vetted resources reflective of core international competencies to take you from A to Z in health IT. This personalized learning experience is designed to expand skillsets in a self-paced format.

- ✓ Easily integrate health IT modules and resources into your curriculum
 - *Thematically organized curriculum based on basic, intermediate and advanced user levels*
- ✓ Download Electronic Health Record (EHR) demo software
- ✓ Participate in live webinars ideal for getting to know leaders in the health IT field, staff development and knowledge expansion
- ✓ Access on-demand webinar archive

30-day free trial available for qualified institutions!

Please contact TIGER for more information.

What is TIGER?

TIGER is a grassroots program focused on education reform, fostering interprofessional community development. The spirit of TIGER is to contribute to a learning health system that maximizes the integration of technology and informatics into seamless practice, education and research resource development.

Subscribe and explore the VLE at www.himss.org/TIGER or contact tiger@himss.org

Demonstrate your success and prove your effort! Printable certificates of completion now available for select HIMSS courses.
