Ohio Healthcare Information Technology Day

April 5, 2017

The Ohio Statehouse Atrium, Columbus, OH &
HIMSS Innovation Center, Cleveland, OH

Register: <https://www.eventbrite.com/e/2017-ohio-health-information-technology-day-tickets-30300152572>

Theme: Ohio SB 332 Commission on Infant Mortality Recommendations & Healthcare IT

Learn about Ohio's efforts to reduce its infant mortality rate. The number of babies born in Ohio who die before their first birthday remains unacceptably high. Ohio ranks 45th in the nation for its overall infant mortality rate with a rate of 7.33 infant deaths per 1,000 live births. How can Healthcare IT help?

The 10th annual Ohio Healthcare Information Technology Day (OHIT Day) is a collaborative effort between Central & Southern Ohio Healthcare Information and Management Systems Society (CSOHIMSS), the Northern Ohio Healthcare Information and Management Systems Society (NOHIMSS), the Ohio Health Information Management Association (OHIMA), HIMSS Innovation Center, eHealth Ohio and other organizations to bring the issue of healthcare information technology (Health IT) to the forefront of the political discussion. OHIT Day is held at the Ohio Statehouse Atrium & Legislative Offices in Columbus to directly engage state officials and address Health IT for the benefit all Ohioans. The HIMSS Innovation Center in Cleveland, Ohio participates in OHIT Day via two-way videoconferencing.
